LOVING LIFE, ROLLING ORANGE

Our Dutch bikes are meant for comfortable daily transportation. To ride to work, to take your kids to school, to ride to the closest subway station or to deliver groceries. Benefits of Dutch bikes are multiple, they are sturdy, they can carry heavy stuff, they protect your clothing and cargo bikes are designed to protect your kids. Whatever the outing, there's a bike made for it.

Let us introduce
three of our
top Dutch bikes

Fietsfabriek bakfiets is a way of life. A way that's simple, relaxed, and liberating. The Bakfiets is large enough to hold children, pets, and any other precious cargo. Every ride is a leisurely ride in these stylish, well-designed machines.

MOOF faster with VANMOOF. This model is equipped with a coaster brake and a roller front brake and optional Shimano Nexus 3 or 7 speed. No more loose hanging cables. No more lights stolen off your bike. The secret lies in what's NOT there.

Rolling Orange.
If you love life,
why rush through it?

Batavus Diva. You can show up anywhere on your trendy Diva - in the city or out of it. The light colors and pretty floral print on the saddle, handles and fenders make this bike a real fashion statement. Live and bike like a Diva!
